

Insulated Rescue Hook

CLY 301 TP12-90

Clydesdale's Insulated Rescue Hook is an invaluable tool for any workplace, used to withdraw an injured worker from a hazardous area. Confined spaces, in vaults or just near electrical cabinets and switchgear are some of the places where this tool is a must.

Featuring foam filled, fiberglass reinforced handle (tested to 50kV per 30cm) for superior electrical insulation and a coated heat treated body hook with an 18" opening that is detachable for easy storage or transport. The stick is available in a standard length of 1970mm although other lengths are available as a special order. Contact us with your requirements.

Complies with : **EN 61235**
Rated at : **50 kV per 30cm**
Length : **1970mm**
