## LV Shrouding Applicator - Composite Data Sheet

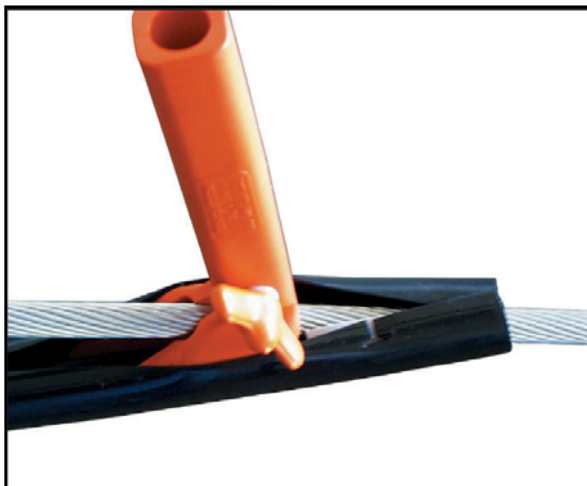

**CLYDESDALE**  
Powering the Future

The Clydesdale Composite LV Shrouding Applicator has been developed to assist in the installation of tubular LV shrouding material onto overhead lines. The tool is made from non-conductive composite material and CE marked to EN 60903. Extremely easy and intuitive to use:

1. Simply place the tool over the cable with handle facing upwards.
2. Fit shrouding over the angled end of the tool with shrouding slit facing upwards.
3. Push the tool along the cable and remove once shrouding length is installed.

Part Number	CLY 975 0000
Max Cable Diam.	11mm
Length	195mm
Weight	175g

Above bordered pictures are to illustrate function of tool – refer to top picture for actual tool design.
