## Pole Support Tripod

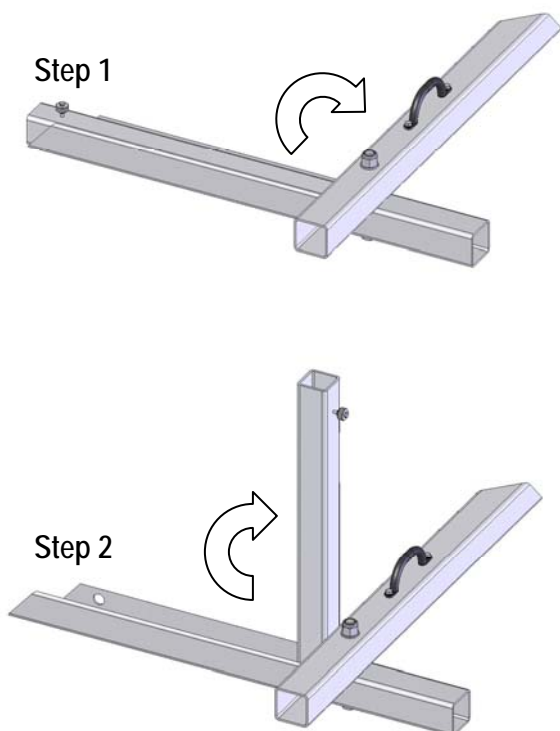

### Data Sheet

The new Clydesdale Pole Support tripod has been developed to provide a support to raise a pole of the ground for dressing / assembly work prior to erection in the field or depot. The tripod is manufactured from high quality carbon steel and hot dip galvanised for superior corrosion resistance. The unique design means the tripod can fold away neatly or be erected in seconds with no tools or assembly work required. To erect simple unscrew knurled locking nut, unfold and clip the chain in place. The tripod can be locked in the neat and compact folded position with a few turns of the knurled locking nut and easily carried with the large, robust carry handle.

Folds Compact to Carry Easily

Erects in Seconds

Part Number	CLY 645 0500
Dimensions (Folded)	1205 x 273 x 146mm
Dimensions (Erected)	1332 x 1059 x 747mm
Weight	38kg
Max Pole Diameter	350mm
Max Pole Weight	500kg
