

CLY 700 Y11-xxx

Elephant Chain Lever Hoists

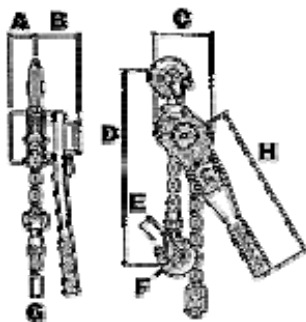

Data Sheet

Clydesdale's Elephant Chain Lever Hoists are available in various sizes from 250kg to 3150kg. Available for use in both pulling and lifting applications, these pull lifts are very versatile yet extremely lightweight. A one touch change lever means the tool can be switched easily and quickly. The complete range is fully CE marked to ensure quality and reliability in line with European legislation. The black body is scratch and rust resistant with a waterproof, shock resistant gear and brake cover enclosing a rust resistant and trouble free mechanical brake. The lever has a bolted rubber handle to ensure a firm grip and safe operation. The chain is rust resistant with the bottom hook and chain stopper designed to prevent damage to the other components.
