

CLYDESDALE

Powering the Future

DATASHEET: CLY 420 1129

Tool Frog

Constructed from extra heavy duty canvas, Clydesdale tool frogs are designed to comfortably hold tools about the waist. All seams are double stitched as a minimum for added strength and durability. The frog is ergonomically curved to comfortably fit anywhere around the waist. The tool loops are made from stiffer material to maintain shape to easily place tools in the loops every time.

Features:

- Central tool pocket
- Two small outer loops ideal for screwdrivers and similar tools
- Two larger loops for wrenches and similar tools
- Two nylon webbing adjustable belt loops

Part Number	CLY 420 1129
Dimensions	230 x 240 x 50mm
Weight	115g
