

CLYDESDALE

Powering the Future

DATASHEET: CLY 420 2022

Canvas Tool Bucket

The Clydesdale Canvas Tool Bucket is made from a heavy duty canvas and reinforced with a Co – Polymer base. The bucket also has Strong UV and rot resistant rope handle and leather side supports at the rope holes.

Co-Polymer is the strongest high impact polymer in the industry. Unique blend of co-polymers give this base incredible strength and resistance to cold. It won't crack like standard plastic and won't stretch or cut like leather.

Part No.	Description	Dimensions
CLY 420 2020	Canvas Tool Bucket 8"x12" a Co – Polymer base.	8" x 12"
